

CIL MT 2026 — PAPER-I (Common to All Disciplines) | Practice Sheets

Pattern followed: Paper-I — General Knowledge/Awareness, Reasoning, Numerical Ability, General English. 100 MCQs × 1 mark, no negative marking, bilingual, common to every discipline including System (Post Code 14). Paper-I must be qualified separately (UR/EWS 40, OBC-NCL 35, SC/ST/PwD 30 out of 100) and it counts fully towards the final merit list.

Sheet design: 10 sheets × 25 questions = 250 questions. Each sheet is a scaled-down full Paper-I:

Section	Q per sheet	Question numbers
General Awareness (incl. coal & energy sector)	6	Q1-Q6
Reasoning	6	Q7-Q12
Numerical Ability	7	Q13-Q19
General English	6	Q20-Q25

Suggested timing: 25 questions in 20 minutes. Attempt all 25 — nothing is deducted for a wrong answer.

One note on General Awareness: the questions below deliberately stress *static* GK plus coal/energy-sector awareness, since that portion is stable and repeatedly asked. Pure current affairs (last 6–12 months) must be revised from a monthly capsule alongside these sheets — no printed set can stay current on that, so treat it as a separate daily habit and pay particular attention to the coal, power and mining sector.

All answer keys are in a single section at the very end of this document.

SHEET 1

- Q1.** The headquarters of Coal India Limited is located at
(A) Dhanbad (B) Kolkata (C) New Delhi (D) Ranchi
- Q2.** Coal India Limited was conferred Maharatna status in the year
(A) 2010 (B) 2011 (C) 2014 (D) 2008

(A) 6.5 (B) 5 (C) 5.5 (D) 6
- Q19.** Two numbers are in the ratio 3 : 5 and their sum is 64. The smaller number is
(A) 40 (B) 21 (C) 27 (D) 24

Directions (Q20-Q21): Read the passage and answer the questions that follow.

Coal continues to supply the greater part of India's electricity even as solar capacity expands rapidly. Planners defend it on the ground that coal-fired stations deliver the steady baseload that intermittent renewables cannot yet guarantee. Critics reply that postponing investment in storage merely postpones the transition itself.

- Q20.** The passage is chiefly concerned with
(A) the cost of electricity to households (B) why coal retains a central role in India's power mix (C) the history of Indian coal mining (D) the technical design of solar panels
- Q21.** In the passage, the word "intermittent" most nearly means
(A) occurring at irregular intervals (B) continuous and steady (C) inexpensive (D) newly invented
- Q22.** Choose the word most similar in meaning to ABUNDANT.
(A) Scarce (B) Plentiful (C) Hidden (D) Delicate
- Q23.** Choose the word most opposite in meaning to TRANSPARENT.
(A) Visible (B) Opaque (C) Fragile (D) Clear
- Q24.** One who is unable to read or write is called
(A) Illegible (B) Ignorant (C) Illegal (D) Illiterate
- Q25.** Identify the part of the sentence containing an error: "He is one of / the best player / in the team. / No error"
(A) He is one of (B) in the team (C) the best player (D) No error

(A) 176 cm² (B) 308 cm² (C) 44 cm² (D) 154 cm²

Directions (Q20-Q21): Read the passage and answer the questions that follow.

Safety training in mines is often treated as paperwork to be completed rather than a habit to be formed. Yet accident records show that the majority of incidents follow lapses in routine procedure, not rare equipment failure. A drill that is rehearsed until it becomes instinctive saves more lives than a manual that is merely signed.

Q20. According to the passage, most mine accidents are caused by

(A) rare equipment failures (B) inadequate manuals (C) shortage of trained staff (D) lapses in routine procedure

Q21. The tone of the passage towards existing safety training is

(A) indifferent (B) critical (C) humorous (D) approving

(A) 20 cm (B) 40 cm (C) 96 cm (D) 48 cm

Directions (Q20-Q21): Read the passage and answer the questions that follow.

Mechanisation in opencast mining has raised output per worker sharply over the last two decades. It has also changed the nature of the workforce required, replacing large numbers of manual labourers with smaller teams of skilled operators and technicians. The gain in productivity is therefore inseparable from a question about employment.

- Q20.** The passage suggests that mechanisation has
(A) had no effect on employment (B) reduced total coal output (C) increased manual labour requirements (D) altered the skill profile of the workforce
- Q21.** The word “inseparable” in the passage implies that the two issues are
(A) closely linked (B) unrelated (C) recently discovered (D) easily solved
- Q22.** Choose the word most similar in meaning to DILIGENT.
(A) Cheerful (B) Talkative (C) Careless (D) Hardworking

(A) 150 cm³ (B) 625 cm³ (C) 25 cm³ (D) 125 cm³

Directions (Q20-Q21): Read the passage and answer the questions that follow.

A public sector enterprise is judged by two standards that do not always agree. As a commercial body it must return a profit to its shareholders, the largest of whom is the government itself. As an instrument of policy it is expected to keep fuel affordable, employ locally and invest in regions that private capital avoids.

- Q20.** The central idea of the passage is that a public sector enterprise
(A) should be privatised (B) is always unprofitable (C) has no shareholders (D) must balance commercial and social objectives
- Q21.** As used in the passage, "instrument of policy" suggests that the enterprise
(A) manufactures instruments (B) avoids all regulation (C) serves government objectives (D) sets its own policy freely

(A) 3 years (B) 4 years (C) 2 years (D) 2.5 years

Directions (Q20-Q21): Read the passage and answer the questions that follow.

Rehabilitation of land after opencast mining is frequently described as an afterthought, but the sequence of work decides the outcome. Topsoil that is stored separately at the start can be replaced later to support plantation; topsoil that is mixed with overburden is effectively lost. Restoration, in other words, begins on the first day of excavation.

Q20. The passage argues that successful land restoration depends chiefly on

(A) the quantity of rainfall (B) the size of the mine (C) planning from the beginning of excavation (D) the number of workers employed

Q21. The phrase "an afterthought" is used to indicate something

(A) legally required (B) technically impossible (C) carefully planned (D) considered too late

Q22. Choose the word most similar in meaning to TERMINATE.

- Q19.** Two fair coins are tossed together. The probability of getting at least one head is
(A) $\frac{1}{2}$ (B) $\frac{3}{4}$ (C) $\frac{2}{3}$ (D) $\frac{1}{4}$

Directions (Q20-Q21): Read the passage and answer the questions that follow.

A written examination can measure preparation but not persistence. Employers who rely on it alone accept a known limitation in exchange for fairness, since a test administered identically to everyone removes the influence of connection and privilege. The trade-off is deliberate rather than careless.

- Q20.** The chief advantage of a written examination, according to the passage, is
(A) that it measures persistence (B) its low cost (C) its brevity (D) its impartiality
- Q21.** The phrase "the trade-off is deliberate" means that the limitation is
(A) accidental (B) unavoidable by law (C) widely unknown (D) knowingly accepted
- Q22.** Choose the word most opposite in meaning to GENEROUS.
(A) Wealthy (B) Humble (C) Miserly (D) Kind
